1.   MONTHLY GRP MEET – 1

On a pleasant Thursday evening around 6 o'clock on 28th September, 2023 we greet and meet our peer friends over the group 323 and 353. Initial the GL of 353, Sivakumar P made the poster for the meet as shown below.

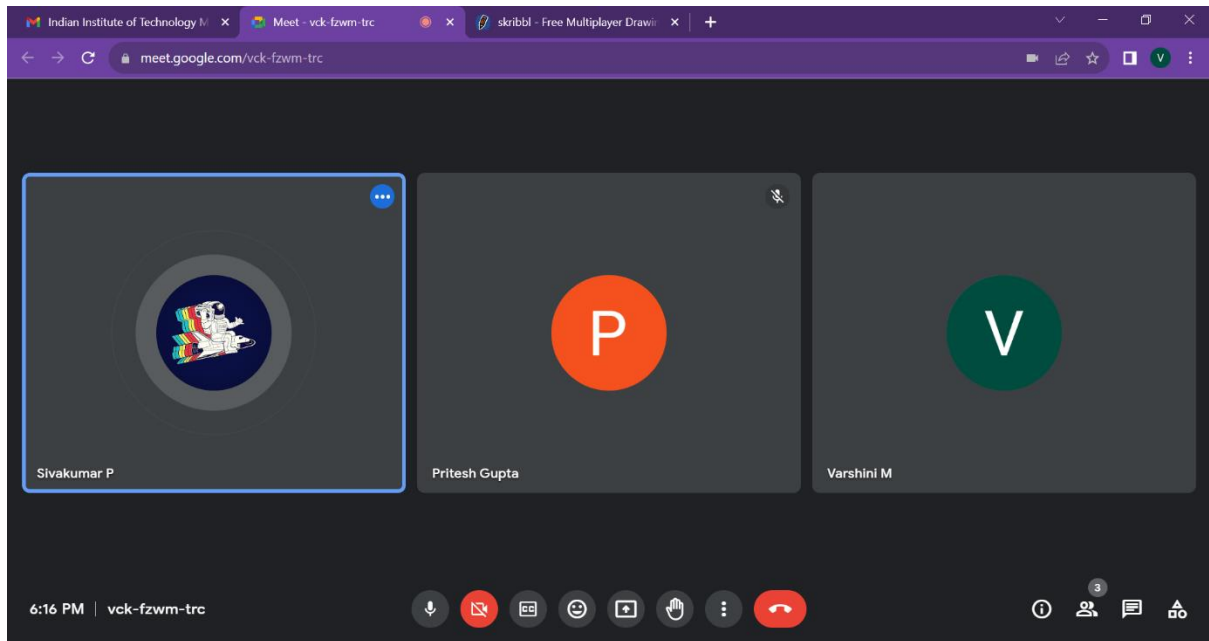

Details of the meeting

Data   : 28/09/2023

Timings   : 6 p.m. to 7 p.m.

Mode   : Online

Channel   : Google meet

Participants   : Members of Grp 323 and Grp 353

Summary of the meeting:

The meeting is started by 6 o' clock but we waited for other members to join and by 6:15 p.m. we started the g-meet.

Initialing we introduced ourselves and later on we start to play a game on scribbling. Under this section, we had fun drawing to find the name of the picture.

Next, some students where joined the meeting, as there were more people at the end as compared to start time of the meeting.

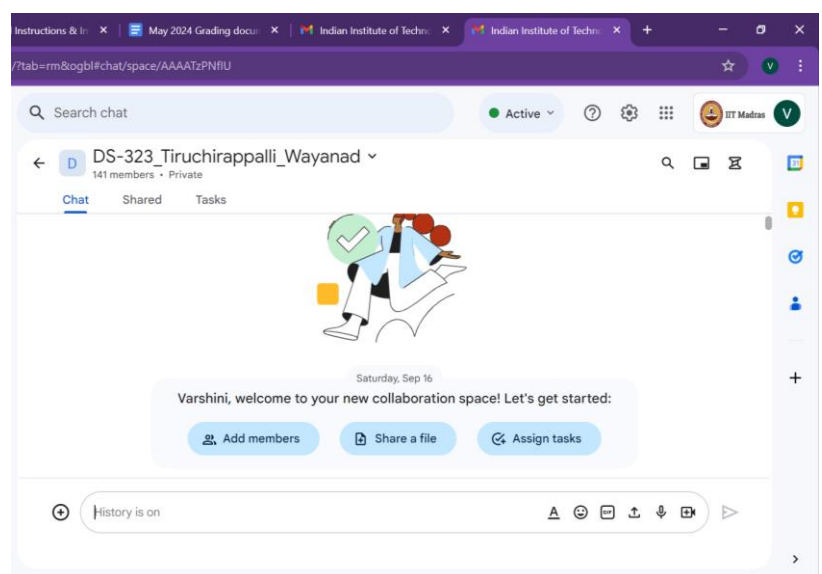

Grp No.	No. of students who joined (excluding GL)
GRP 323	1
GRP 353	2

2. G-SPACE WORKS

As my first task is to create G-Space, on 16th September, 2023 I have created 323 group and now it's have 100+ members.
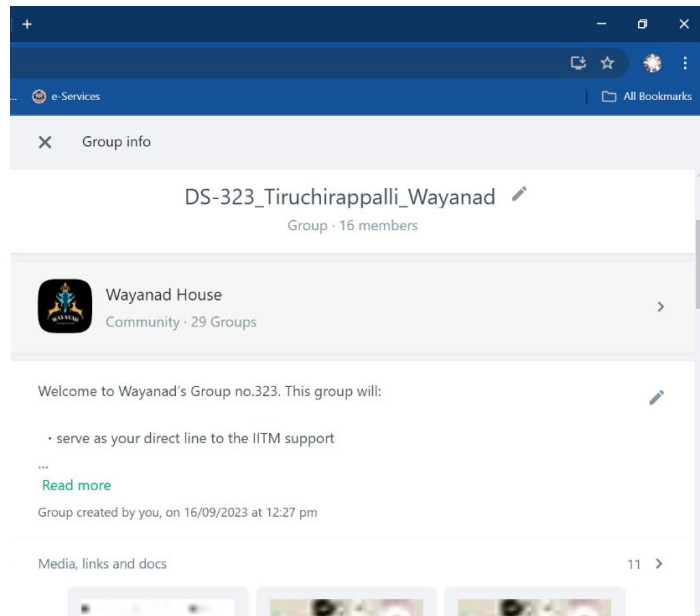

The G-Space and Direct messages where busy during paradox fest, where it helps in circulating information and helps in gather information for survey.

3. WHATSAPP GRP VERIFICATION

In my first term as GL I have also created the Whatsapp Grp on 19th September, 2023 where it turned into 15+ member now. Only verified members are allowed and others let as pending request.

Where it is the platform helps to share information and it is not interactive that much as G-Space.

4. PARADOX FEST

I have participated in paradox survey and collected information from students. Since I wouldn't reach them through G-Space so that I connect them through Whats app and direct messages.

In general, I have reached sufficient students over the group but still I wouldn't each them fully since they are not interested and not active in G-Space. Meanwhile students introduced themselves in the groups, asked queries and solved by themselves.

I hope so I made a communication platform for the students in my GL tenure.
